ONTARIO COUNCIL

THE CAROLYN DAY AWARD FOR ENVIRONMENTAL ACTION 2019-2020

Carolyn Day, a Past-President of Ontario Council, 1998-2000, was the Environment, Clean Water and Great Lakes Policy Advisor from 2000 until her death in 2018. What started as a concern about Walkerton turned into a passion and a knowledge base. During her time, she wrote more than 40 briefs and letters, attended many meetings on our behalf and was even called by government on some occasions. This award is created in her honour.

Tell us about your work to support the environment, locally, provincially, nationally and internationally.
